THE SYLVAIN MELLOUL STORY

Sylvain Melloul's hairdressing career began over five decades ago in Paris, France where he started as an apprentice at 14 years of age. Soon after, Sylvain's professional career was launched when he joined the L'Oreal Professionnel Artistic Team. As a member of the team, Sylvain performed platform work, taught contemporary educational techniques, and developed his vision of leading the beauty industry.

In 1970 at 21 years old, L'Oreal Professionnel sent Sylvain Melloul to the Watergate Salon in Washington D.C. to teach the latest techniques. After what was only meant to be a three-month teaching period, Sylvain was given the opportunity to stay at the Watergate Salon as their lead stylist. Within weeks, speaking only a few words of English, Sylvain and his innovative French hairstyling methods swept the Nation's Capital. Sylvain quickly built his reputation through applying his European approach, which resulted in him building a clientele with an extensive waiting list.

In 1974, Sylvain opened his first salon on M street in Georgetown, Washington D.C. This salon became his flagship salon for over 30 years. Sylvain continued to open several different concept salons, including; *Mathew Sylvain*, *Visage*, *Visage Express* (chain of salons), and *Sylvain Melloul Salon*. Sylvain Melloul's brand reached locations in Beverly Hills, Paris, and of course the Washington D.C. metropolitan area.

Sylvain faced a continuous challenge while running his salons, and that difficulty was:

"Finding hairdressers that met his quality standard in the United States. "

Sylvain's quick solution to this problem was to import hairstylist from Europe. Throughout his career, Sylvain brought many stylists over from Europe to work in his salons. During this time, Sylvain would conduct a **training academy** for all of his stylists to bring them to the quality standard he expected. It was through this initial training academy that Sylvain discovered his passion for education.

Today, Sylvain has taken a different approach to solving the problem he faced as a salon owner (and the same struggle most salon owners still face today): ***"better educate tomorrow's stylists by building the proper foundation today."***

Throughout his career, Sylvain Melloul was published in thousands of national and international publications, including; *Vogue*, *Harper's Bazaar*, *ELLE*, *Mademoiselle*, *American Salon*, *Salon News*, *The Washington Post*, and *New York Post*, among others. In fact, Sylvain brought the spotlight to Washington D.C. beauty & fashion by being the first Washington D.C. salon ever mentioned in *Vogue* magazine.

In 1992, **The First Lady, Hilary Rodham Clinton**, was seeking a new hairstylist after an unsuccessful haircut by a New York based stylist. Sylvain's reputation had reached the White House and the First Lady's national search for her new stylist ended at her doorstep.

For more than two years, **Sylvain was the personal hairstylist to the First Lady Hilary Rodham Clinton.** During this time, he traveled around the world with the President and First Lady Clinton aboard Air Force One. Sylvain Melloul’s success with First Lady Hilary Rodham Clinton led the media to appoint him **“The First Hairdresser.”**

Sylvain’s famous clients ranged from celebrities, political figures, musicians, and more throughout his career, including; **Sigourney Weaver, Michael Nouri, Paloma Picasso, Kelly McGillis, the Clinton Family, Senator and Mrs. Jacob Javitz, Senator and Mrs. John Heinz (of Heinz Ketchup), Susan Ford, Britney Spears, Art Garfunkel, and Sade,** to name a few.

Today, Sylvain’s vision, philosophy, and approach to hairdressing are the foundation of our education at the **Sylvain Melloul International Hair Academy.** Sylvain’s continued relationship with **L’Oreal Professionnel** remains an essential element in the Academy’s mission to educate, train, and inspire students with a high level of professionalism and skill that will foster employment opportunities in the beauty industry. Sylvain Melloul continues to lead the beauty industry through his experiences, knowledge, and passion. It is his goal to impact the global beauty industry through the influence and success of graduates from the Sylvain Melloul International Hair Academy.

GRADING SYSTEM

All students are tested in both theory and practical assessments. Students will be tested on every theory chapter. Students must take and pass all practical assessments before becoming eligible to perform the application on clients. If the student is absent or fails a test, it is the student's responsibility to schedule and pass a makeup test. Sylvain Melloul International Hair Academy's grading system is as follows:

Range	Grade	Description
100%-93%	A	Exemplary performance.
92%-87%	B	Excellent mastery of program content and excellent ability to apply program content concepts. The work displays initiative, independence and application. In some courses, originality may be required.
86%-81%	C	Good mastery of program content and an ability to apply program content concepts. Work reflects a thorough understanding of the application and inter-relationships of material covered.
80%-75%	D	Below average mastery of program. Needs improvement and review of materials covered and content concepts.
74% & below	F	Unsatisfactory progress in mastery of program content.

- Theory grades include scores earned on quizzes, tests, and oral exams.
- Practical grades are assigned by the instructor's evaluation of clinic or mannequin work, based on satisfactory completion of all procedures assigned for each service performed.
- A minimum grade point average of 85% is required in order to maintain Satisfactory Academic Progress

STUDENT ACADEMIC EVALUATIONS

All students will receive formal, documented academic evaluations, known as **Satisfactory Academic Progress** Evaluations, throughout their course of study at the following points:

Satisfactory Academic Progress Evaluation Review Points by Program			
Cosmetology Program	Barbering Program	Esthetics Programs (Basic & Master)	Massage Therapy
<input type="checkbox"/> 450 attended hours <input type="checkbox"/> 900 attended hours <input type="checkbox"/> 1200 attended hours	<input type="checkbox"/> 450 attended hours <input type="checkbox"/> 900 attended hours	<input type="checkbox"/> 300 attended hours	<input type="checkbox"/> 450 attended hours

Students will be evaluated on both academic and attendance standards. Students must maintain averages of 85% in both attendance and grade point average to be considered making satisfactory progress.

Students failing to meet above minimum requirements for attendance or academic progress at the review point will be placed on Financial Aid Warning until the end of the next scheduled review or until re-establishing Satisfactory Academic Progress, whichever occurs first. During the Financial Warning period, students are considered to be making Satisfactory Academic Progress and students who receive federal funds may continue to be funded. If the student is meeting minimum requirements at the end of the Financial Aid Warning period, the student will be determined as making Satisfactory Academic Progress. If the student fails to meet requirements at the end of the Financial Aid Warning period, the student will be suspended from receiving Title IV funds and may face termination, unless the student appeals the finding that they are not meeting the satisfactory academic Policy and prevails on the appeal. A student cannot have successive periods in Financial Aid Warning status.

The Satisfactory Academic Progress Policy can be found in its entirety in the Academy's *Federal Consumer Information* publication on the school website (www.smiha.edu) under the Financial Aid tab.

ACADEMY POLICIES

The Academy has established policies, procedures and guidelines to allow for a conducive learning environment while at the Academy. The below policies can be found in its entirety in the Academy's *Student Handbook*, and are applicable to all students, regardless of program of study.

Attendance — Students must maintain an **85% attendance rate**. Saturday attendance is required for scheduled students (unless permission for absence is granted in advance). Attendance is recorded using a biometric fingerprint time clock, set up with students to clock in and out on their first day of classes. Hybrid programs use a virtual student portal for capturing distance education hours attended.

Excessive Absenteeism — Sylvain Melloul International Hair Academy does not differentiate between excused and unexcused absences. Students who are excessively absent will not meet the minimum attendance average requirement and will ultimately be terminated from the Academy. Students who do not attend for seven (7) consecutive instructional days without prior written notification will be terminated from the program.

Tardiness — Students are expected to be present and prepared by their scheduled start time. The Academy does not permit tardy students to enter unless the student provides:

- A same-day note from a doctor's office, Court, social services, or child's school clearly dated and documented, excusing the student for the schedule start time OR
- First-person notification (before the scheduled start time) to an Academy Official of an extenuating circumstance causing the expected tardiness

Students will be permitted to enter at the time of arrival if providing one of the above. Tardiness adversely affects student's attended hours and attendance rates.

Make-Up Testing Policy — Any student with failed or incomplete tests must make those tests up before they can perform the services on clients. It is the student's responsibility to monitor their test grades, schedule their make-up test time, and retake the test. In the event of a re-test, as a result of an unacceptable grade, the re-tested grade will replace the prior grade.

Professional Image Policy — Students are expected to come to the Academy with professional image standards met everyday, including; hair, make-up, personal hygiene, and wearing the school issued uniform T-shirts or scrubs with solid black pants, solid black closed-toed shoes, and school issued name badges.

CONDUCT

Sylvain Melloul International Hair Academy educates and trains students to build the skills and professionalism necessary to succeed in the beauty & wellness industry. Behavioral conduct is a key focus in building professionalism and is expected among all students. Students who have behavioral misconduct may be subject to suspension or termination. The Sylvain Melloul International Hair Academy student expectations are detailed in the Student Handbook received by students at orientation.

Corrective Action - Sylvain Melloul International Hair Academy follows a corrective action procedure to discipline behavioral misconduct. The degree of misconduct will determine the level of corrective action taken. The standard corrective action procedure is as follows:

1. Verbal Warning
2. Written Warning & Performance Improvement Plan
3. In-School Suspension (students prohibited from performing services on clients or students)
4. Suspension
5. Termination

The school may elect to skip a progressive disciplinary action step(s) to appropriately address any behavioral misconduct (i.e. students in gross misconduct may be immediately suspended or terminated without any prior warnings).

Students may follow the complaint procedure to appeal any corrective action taken against student for behavioral misconduct. Students may be readmitted to the Academy or permitted to earn make up hours for any time missed if they prevail upon appeal.

OFFICIAL TRANSCRIPTS

Students withdrawing from school will receive a copy of their Official Transcript if all balances due to the school are paid in full and a request is made in writing. Transcripts will be available for pick up within 10 business days of balances paid in full and written requests received. Students with balances due to the school may not receive their official transcripts.

EMPLOYMENT ASSISTANCE

Sylvain Melloul International Hair Academy does not guarantee employment after graduation. The Academy does offer the following employment assistance: posting job listings on the designated virtual bulletin; providing professional development classes; resume writing & mock interview skills training; Career Fair with owners/employers & hiring managers to recruit students for employment in the industry.

OFFICE HOURS & COUNSELING

The Academy Director, Financial Aid Director and other faculty have office hours available to students outside of the programs regularly scheduled class hours. Office hours are posted outside of the faculty member's respective offices to allow students to discuss any academic, administrative, or financial aid questions or concerns. Staff members are also available during office hours for students seeking career counseling, assistance, or academic support.

ACCESS TO FILES AND RIGHT TO PRIVACY

The Family Educational Rights and Privacy Act of 1974 (FERPA) guarantees the student and parent or guardian of a dependent minor, the right to access their personal file and the student's rights to the privacy of that file. A third

party would only be granted access to a student's file or information regarding that file by providing written permission from the student or parent or guardian of a dependent minor. Some third party agencies, such as governmental and legal agencies have a right to receive information for accrediting purposes. If a student wishes to view his/her file, an appointment must be made with the administrator. A student's records, including all admissions information, financial aid records, and satisfactory academic progress records will be maintained by the school for a minimum of five years after graduation or withdraw. Official transcripts will be held by the school indefinitely.

STUDENT RIGHT-TO-KNOW AND CAMPUS SECURITY ACT

Student Right-To Know information (student's rights, privileges, and responsibilities) and the Academy's Campus Security Act information are made available to students through the Academy's publication; *Federal Consumer Information*. The Federal Consumer Information publication will be provided to students before enrollment through the Orientation session and can be found on the Academy's website (www.smih.edu) in the financial aid page.

PROGRAM SUCCESS

The Academy measures program success through collecting feedback from current students, graduates, and the Academy's Advisory Committee as well as reviewing the Academy's completion, licensure, and employment rates annually. Outcome rates can be found on the Academy's website in the Federal Consumer Information publication (<http://smiha.edu/financial-aid/>.)

STUDENT COMPLAINT PROCEDURE POLICY

The Academy utilizes a policy and procedure for handling student complaints, and students are informed in writing of this policy and procedure. The Academy will make every attempt to resolve any student complaint that is not frivolous or without merit.

A student, instructor, or interested party may file a complaint against the Academy or related party under the following procedures:

- a) The complaint must be in writing to the Academy Director
- b) The complaint must outline the allegation or nature of the complaint within 30 days of the date that the act occurred.

An Academy representative will attempt to meet with the complainant within 30 days of receipt of the written complaint or will send a written response if meeting cannot be arranged. If after careful evaluation, the problem cannot be resolved through discussion, the complaint will be referred to the Academy's complaint committee. Evidence of final resolution of all complaints will be retained in school files. Students will not be subject to unfair action or treatment as a result of the initiation of a complaint.

If the student complaint cannot be resolved after exhausting the Academy's complaint procedure, the student may file a complaint with the State Council of Higher Education for Virginia submitted to; State Council of Higher Education for Virginia, Private and Out-of-State Postsecondary Education, 101 N. 14th St., 9th Floor, James Monroe Building, Richmond, VA 23219. The student may also submit the complaint to the Academy's accrediting agency; Council on Occupational Education, 7840 Roswell Road, Building 300, Suite 325, Atlanta, GA 30350. Veterans or other eligible persons may report a grievance against the school to the Virginia State Approving Agency and US Department of Veterans Affairs. The Virginia State Approving Agency (SAA) is the approving authority of education and training programs for Virginia. Their office investigates complaints of GI Bill beneficiaries. While most complaints should initially follow the school grievance policy, if the situation cannot be resolved at the school, the beneficiary should contact the SAA office via email: saa@dvs.virginia.gov.

INSTITUTIONAL REFUND POLICY

1. If a student or legal guardian cancels his/her enrollment agreement and requests his/her money back in writing, within three (3) business days of the signing of the enrollment agreement or contract, all monies collected by the school shall be refunded except a non-refundable application fee of \$25. This policy applies regardless of whether or not the student has actually started training. The cancellation date will be determined either by the postmark on written notification or date said information is delivered to the school administration in person.

2. If a student cancels his/her enrollment after three (3) business days of signing the enrollment agreement up to withdrawing on the first day of classes, received by written notice, he/she shall be entitled to a refund of all monies paid to the school, except a non-refundable application fee of \$25, within 45 days of the planned start date.

3. An applicant not accepted by the school shall be entitled to a refund of all monies paid except a non-refundable application fee of \$25.

4. Any monies due the applicant or student shall be refunded within 45 days from date of formal cancellation or withdrawal by the student determined by postmark on written notification; or the date the student last attended classes, whichever is sooner. Sections 5 below details withdrawal circumstances.

5. A student will be terminated from the program once he/she has been absent from class for seven (7) consecutive instructional days from the last date of attendance as determined by weekly monitoring of attendance without prior written notification or communication making arrangements to return. Withdrawal may be effective earlier by written notice, in which case the effective withdrawal date will be the student's last day of attendance.

6. For students who enroll in and begin classes, a schedule of tuition adjustment is authorized based on scheduled hours per payment period. The institution must provide the student at least the following refund calculation:

Refund Calculation	
Percentage Scheduled to Complete	Percentage of Tuition Refunded to Student
0.01% - 10%	90%
10.01% - 25.00%	50%
25.01% - 50%	25%
50.01% - 100%	0%

Refund Calculations are calculated per the tuition charge for payment period the student has entered. Students are only financially obligated for tuition charges as they progress through the program and enter each payment period. The following three (3) payment periods and tuition charges are used for calculating the above Refund Calculation:

7. Scheduled Hours used for refund calculation purposes are defined as the number of hours student is scheduled to be in school between the actual starting date and the date of determination of withdrawal.
8. The refund policy will apply to tuition charged in the enrollment agreement, including student kit charges; student will not be charged for the kit items that have not been issued to them, and applicable charges will be adjusted accordingly. All other miscellaneous charges to the students' products, additional kit items, or other charges or debts to the school incurred by the student will be calculated separately at time of withdrawal. Kits that have been issued to the student may not be returned to the school for refund upon termination of enrollment.
9. The school reserves the right to reschedule, postpone, or cancel classes. If a course is rescheduled, postponed, or cancelled subsequent to a student's enrollment and before instruction in the course has begun, the school will provide a refund of all monies paid within 45 days of the planned class start date, without the need for the student to request said refund.
10. If the school discontinues a course or program of education during a period of time within which a student could have reasonably completed the same course or program, a pro-rata refund of tuition and fees will be made to the student; except that this provision shall not apply in the event that the school ceases operation.
11. If the school is permanently closed or no longer offering instruction, after a student has enrolled, the school will provide the student a reasonable opportunity to promptly resume and complete the cancelled course(s) of study, or receive a pro rata refund, or complete a substantially similar course of study at an institution(s) which offers similar educational programs, in the same geographic area as the original school. The teach-out school shall not charge students more than the original school has been charging and for which the student has not paid. Individual notice shall be provided to students.
12. A full refund of monies paid, less a non-refundable \$25 application fee, will be made to students who have not visited the school facility prior to enrollment and whom will be given the opportunity to withdraw without penalty within three days following either attendance at a regularly-scheduled orientation or following a tour of the facilities and inspection of the equipment.
13. All refunds due in accordance with this policy will be refunded within 45 days of the date of determination of qualifying event; all refunds shall be issued by the school without the request of the student and/or guardian.

ENROLLMENT AGREEMENT

An enrollment agreement between the academy and the student (or student's parent or guardian if student is a minor) will be executed prior to starting classes. The above refund policy will be in said enrollment agreement, along with the obligations of both the school and the student. Students

requiring training beyond the contract date may be considered “over contract.” Actual over contract hours will be calculated in the following manner: Number of hours attending school after contract date minus holidays, unscheduled closed school days. Over contract charges / facility fees will be assessed at the rate of tuition per hour. All balances due the school, including over contract charges, must be paid before the student receives their certificate of completion or paperwork required to apply for licensing.

Payment Plans: Students have the following payment plan options available:

OPTION 1: The purchaser and/or guarantor agrees to pay the balance due in equal monthly installments of the balance due. The first payment is due the first day of class and all subsequent payments are due on the same day of each month until balance is paid in full.

OPTION 2: Any amount of the balance due may be paid, provided the amount is equal to or greater than the monthly installments of Option 1.

INCLEMENT WEATHER CLOSINGS

Sylvain Melloul International Hair Academy closings for inclement weather will be aired on local media outlets, such as television and radio stations. More details are outlined in the Student Handbook. The academy often follows similar guidelines as the public schools districts.
